

Thanks so much

To everyone at Community Action
I am so thankful that I
made the call to your services!

From the first person who
came to my house to the last
everyone went above and beyond
to make this process run
smoothly. They all explained
each step, and answered my
many questions. The young men
who did the work were
professional and friendly!!!

They did a great job. I especially
liked how each step was checked
and double checked.

What you did
meant a lot
and will be long
remembered.

What a wonderful
Crew you have!
Thank you -
